

Welcome to Python Self Learning Course

About Course:

- The FOSSEE team at IIT Bombay offers free online courses in Python. These courses are designed and curated by [Prof. Prabhu Ramachandran](#) (Dept. Of Aerospace Engineering, IIT Bombay).
- By the end of the course, Basic Programming Using Python, participants will gain hands-on experience in Python through a series of practice sessions and quizzes.
- This course is spread over a span of 3 weeks, anyone interested to learn Python can take up this course irrespective of their academic background.
- You can post your queries under Python section in [FORUMS](#). These queries will be answered by FOSSEE's python experts.
- Participants who meet the criteria mentioned will receive e-certificates within 15 working days from the day of course completion. Certificates will be issued on registered email address.

Instructions

- Go to [Yaksh](#), register and enroll for the course called Basic Programming using Python by searching for the course code: **BPY**
- After your enrollment, access "Enrolled Courses" tab to start the course.
- You have to complete all the lessons , exercises and quizzes in a module to move to the next module.
- You can revisit lessons for better understanding but quizzes can be attempted only once.

Duration

3 weeks is the course duration.

You can devote 4 hours per day on weekends or 1 hour each day to complete the course.

Benefit

- The Course is absolutely free
- Flexible Timing
- Course Material by Prof. Prabhu Ramachandran (Dept. of Aerospace Engineering, IIT Bombay)
- Certificate on successful completion
